

Superb weak acid water for nursing

Acid Rescue⁺

~ Broad purpose magic water which can eliminate unease in disaster environment and provide necessary support

- Water which adjusts the concentration of oxygen to the most suitable state
- Can control the symbiotic bacteria on in vitro skin under a balanced state
- Water which can improve the cell viability

◆ Broad application

- Clean a wound, with the function of disinfection and sterilization
- As a wet cloth, it can arrest bleeding and help healing
- It can clear heat and ease pain of a scald, insect sting and diaper rash
- Can be used to gargle and rinse out the mouth, and to arrest bleeding after a tooth extraction
- Can improve post-healing recovery capability through convergence
- Can be used to clean the whole body, to wash hair and eyes
- Can eliminate stink
- Water for nursing
- Drinkable in emergency

◆ Environment-friendly

- Highly safe without side effect or irritation
- Can be kept under normal temperature
- Can be kept in a transparent plastic container
- Convenient to carry

Service life: 5 years

◆ Acid Rescue⁺, water which absorbs the secret power of the nature

With electric energy from the nature

Natural water gestated by the mother earth

Energy for life activities

- Electric energy exists in the nature originally. Since ancient times, biological cells have been using electrical energy for life activities.
- Electrolysis is a natural phenomenon widely exists with organisms.

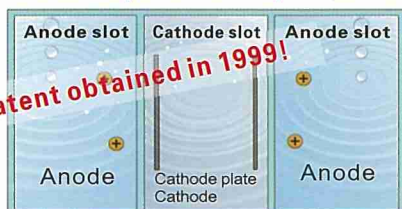

Discover the most suitable elementary water!

- Elementary water used for generating [Acid Rescue+] is natural water with balanced quality rather than chemically treated tap water.
- The approach to discover the most suitable elementary water is found according to the result of long-term analysis.

Electrolysis device with a patent

Water which absorbs the secret power of the nature

Three-layer electrolysis device

Advantages in using this device:

- Ensure a stable quality of acid electrolysis
- Maintain the long-term stability of ingredients
- Maintain the balance and stability of the quality

Acid Rescue⁺

A patent has been obtained for this three-layer electrolysis device. [Acid Rescue+] is created by combining with selected natural water.

[Relevant data of electrolysis]

Ingredients	Numerical value of the elementary water	Numerical value of the tap water	Numerical value of the anode water	Unit and remarks
Calcium	16.5	13.0	18.3	mg/l
Magnesium	3.2	3.2	3.2	mg/l
Sodium	9.0	18	4.5	mg/l
Kalium	8.2	6.7	9	mg/l
Iron	0.05	未検出	0.08	mg/l
Chlorine	9.0	未検出	13.5	mg/l
PH	7.0	10.9	4.3	Hydrogen ion concentration
Hardness	53.1*			PPM
Acidization reduction potential	(+)280~320	(-)890±8	(+)500~520	mv
Dissolved hydrogen	3.6	1,200		PPB/l(1l中0.001mg)
Dissolved oxygen	8.5	4.0~6.0		PPM/l(1l中1mg)
Oxygen-generating coliform group	Not detected	Not detected	Not detected	PPB/l(1l中0.001mg)
Nanometer bubble		Detected	Detected	PPM
Molecular hydrogen (H)		0.7642		PPM/l(1l中1mg)
Free substance(OH)		5.223		PPM/l(1l中1mg)
Molecular oxygen(O)			2.985	PPM/l(1l中1mg)
Free substance(H+e)			0.7462	PPM/l(1l中1mg)

◆ We produce [Acid Rescue⁺] and bring you happiness and pleasure at the same time

Many people around the world are under the threat of war, natural disaster and poverty, and are trapped in dual misery and unease in both material and spirit. Our [Acid Rescue+] is ideal for eliminating such misery.

■ Production/sales ■ Tanaka Manufacturing Co., Ltd.
